Dear Mr. Hargrove:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX001000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$802,584. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$767,313. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX001000011

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$755,462. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$722,262. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$280,301. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$189,691. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Project No. TX003000012

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$1,244,504. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$842,208. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX003000020

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$1,027,710. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$695,495. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX004000006

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$232,653. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$189,373. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. Project No. TX005000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$78,575. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$46,488. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$583,927. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$345,474. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$696,413. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$412,025. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$619,499. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$925,880. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Russ:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX009000016

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$739,063. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$739,063. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Dear Mrs. Llanes:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX011000005

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$482,315. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$440,495. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Jones:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX015000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$412,221. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$306,224. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Mr. Chapman:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX018000022

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$394,794. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$176,738. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Mrs. Holland:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX020000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$448,157. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$169,619. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Mr. Reyna:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX023000005

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$265,448. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Table 1. CY 2012 Project Eligibility and Allocation Adjustment

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$747,957. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$747,957. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$365,880. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Project No. TX041000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$430,341. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Dear Mrs. Zachry:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX047000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$206,520. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$107,163. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Richardson:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX052000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$495,534. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$449,486. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Mr. Ramirez:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX062000010

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$650,144. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$338,815. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Table 1. CY 2012 Project Eligibility and Allocation Adjustment

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX065000030

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$730,176. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$584,921. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$84,485. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Mr. SIERRA:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX087000011

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$974,899. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$974,899. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Mr. RIOS:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX095000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$189,325. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$145,514. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Ms. LUMPKIN:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX104000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$68,323. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$91,442. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Rozell:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX138000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$87,311. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$87,311. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Tiner:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX153000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$485,888. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$31,756. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX164000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$316,462. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$103,379. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$40,072. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX180000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$65,685. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$65,685. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Dear Ms. Quiroga:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX190000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$356,471. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$356,471. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Mr. Williamson:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX198000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$257,745. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$190,474. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$176,145. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$176,145. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Mrs. Guerra:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX224000022

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$447,624. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$57,050. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. Dear Mr. Kemper:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX231000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$58,169. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$58,169. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Ms. Johnson:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX240000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$483,424. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$447,246. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. Project No. TX249000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$48,591. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX270000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$66,484. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. Dear Mrs. Sedden:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX278000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$52,619. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$21,095. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Turner:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX287000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$33,904. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$33,904. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$42,849. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$30,167. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Ms. Lopez:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX320000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$357,464. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$81,865. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. Dear Ms. Cook:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX329000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$212,073. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$212,073. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Ms. Ottinger:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX337000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$132,597. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Mr. Duke:

**SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX347000001**

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$64,500. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$44,618. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$27,012. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX380000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$180,315. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$180,315. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Dear Mr. Carrell:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX408000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$134,647. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$0. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Dear Mrs. LaRue:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX469000001

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$119,814. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$119,814. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

Dear Ms. Flores:

SUBJECT: Eligibility for Calendar Year 2012, Public Housing Operating Fund Program,
Project No. TX509000003

This letter provides information related to your Public Housing Agency's (PHA) Calendar Year 2012 Operating Fund program eligibility and Allocation Adjustment. After HUD's review of your PHA's HUD-52723, "Operating Fund Calculation of Operating Subsidy," this project's eligibility has been determined to be \$236,137. Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$208,699. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.

Please note that the eligibility for this project is subject to modification for revisions permitted in Notice PIH 2011-55, Public Housing Operating Subsidy Calculations for Calendar Year 2012. Final HUD-52723s will be posted on the Calendar Year 2012 Subsidy website at the end of the federal fiscal year. The project funding amount is \$83,477. The project funding amount takes into account the Allocation Adjustment for each PHA. The methodology used to determine this amount is provided in a schedule in greater detail below.

As background, the FY 2012 Appropriations Act included a provision that directed HUD to offset up to \$750 million from PHAs operating reserves (i.e., Operating Fund allocation adjustments). To determine an individual PHA's allocation adjustment, HUD identified the amount of reserves above a minimum reserve level (equivalent to six months of expenses for a small PHA, four months for all other PHAs, but in no event less than \$100,000). Next, each PHA's allocation adjustment was calculated. Where a PHA's allocation adjustment exceeded their Operating Subsidy eligibility, their allocation adjustment was capped to 12 months of their eligibility.

The Department afforded PHAs the opportunity to appeal the allocation adjustment determined by HUD (the exclusion request process described in PIH Notice 2011-55). Allocation adjustment appeals went through a rigorous review process within the Department. Significant HUD resources were dedicated to the review of all appeals, to ensure a fair and equitable process, and to further ensure that HUD could provide PHAs their eligibility amounts earlier this year than ever before. HUD's efforts in this regard were focused on providing timely eligibility information to assist PHAs in forecasting and budgeting to better enable PHAs to manage in an austere fiscal environment.

Table 1 below lists elements in the structure of the 2012 Calendar Year allocations with respect to the PHA and project eligibility and the Allocation Adjustment.

It is important to note that the FY 2012 HUD Appropriations statute permitted HUD to set aside up to \$20 million from the Operating Fund appropriation to provide assistance to PHAs that encounter financial hardship as a direct result of the operating reserve offset. The process for applying for this funding, as well as the qualification criteria, will be published shortly by HUD.
